

WDAA WORLD HEALTH CERTIFICATE REQUIREMENTS:

A copy of a negative Coggins test taken within the 12 months of the show date and vaccination record (Equine Influenza Virus and Equine Herpes Virus “Rhinopneumonitis” within 6 months of show date) must accompany each entry. GR 845.

Health Certificate, within 30 days of arrival, is required for ALL horses except those traveling from VS CONFIRMED Counties (see below):

HEALTH CERTIFICATE REQUIREMENTS FOR VS CONFIRMED COUNTIES (As of Sept 1, 2023):

California- Fresno, Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura Counties

WDAA World Show will accept horses from USDA confirmed VS Affected Counties and implement ALL the following required biosecurity requirements:

- **Timed Official Certificate of Veterinary Inspection (Health Certificate) for horses from VS Affected Counties(s): Must be accompanied by an official Certificate of Veterinary Inspection (CVI) which includes a VS statement and issued **within 14 days of entry to competition grounds** by a licensed veterinarian who has examined the horse. **Only state issued/ approved official CVI document shall be accepted.****
- VS statement :*“I have examined the animal(s) represented on this certificate of veterinary inspection and have found no clinical signs of vesicular stomatitis and they have not originated from a premises under quarantine for vesicular stomatitis.”*
- **Required Onsite Veterinary or designated individual examination** of all horses from VS Affected Counties for vesicular lesions at time of entry to venue. No horse will be permitted entry to stabling, schooling, or competition area without veterinary examination.
- **Monitoring of horses from VS Affected Counties** beginning three days before arrival and for the duration of the event. Stall temperature logs required to be completed with twice daily temperature recordings. (See resource section below to download temperature log template) ([LINK TO TEMP LOG](#))
- Individual designated by competition management to directly observe horses originating from VS affected counties for vesicular lesions daily.
- **Implement Vector Control Measures on the premises** including but not limited to encouraging the use of individual vector control of fly sprays, wipes, or protective covering and premises control measures to eliminate fly breeding areas.
